NAMASTE

Beneficiary related

1. **What is NAMASTE scheme?**
   National Action for Mechanised Sanitation Ecosystem (NAMASTE) scheme is a joint initiative of Ministry of Social Justice and Empowerment (MoSJE) and National Health Authority (NHA) to provide healthcare access to sewer and septic tank workers and their families as per the data available with MoSJE. The scheme was formerly called as Scheme for Manual Scavengers.

   The convergence of MoSJE and NHA shall facilitate the eligible beneficiaries to avail healthcare services in any empaneled hospital under Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY). All the eligible beneficiaries can avail services for secondary and tertiary care hospitalization as per the identified packages under AB PM-JAY at all empaneled hospitals across the country.

2. **Who is covered as dependents?**
   The definition of dependents, as defined by MoSJE, is manual scavenger and his/her spouse and their children shall be covered as dependents under NAMASTE scheme for convergence under Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY).

3. **Who can get benefits of the scheme?**
   All manual scavengers whose list is available with MoSJE but are not currently covered under AB PM-JAY as per SECC data.

4. **Is there any limit for availing treatment under this scheme?**
   The beneficiary shall have access to medical care of Rs. 5 lakh per family per year for secondary and tertiary care hospitalization at all empaneled hospitals across the country.

5. **Who needs to be contacted at the hospital for any help to avail the insurance?**
   Please contact the Pradhan Mantri Arogya Mitra (PMAM) at the empaneled hospital for any queries related to the beneficiary verification and claim. Below are the key responsibilities of PMAM:
   a. Operating the Beneficiary Identification System (BIS 2.0) module to identify and verify the beneficiaries entitled under AB PM-JAY
   b. Guiding the beneficiary about the overall benefits under AB PM-JAY and providing information about receiving prompt treatment at EHCP

   PMAM could also guide and support the person undertaking Transaction Management System (TMS) such as submitting requests for pre-authorization and claims.

6. **What documents are required for verification to avail the benefits under this scheme?**
   You need to have the government issued ID cards such as Aadhaar, Voter ID, Ration card, etc. along with ID of dependent of manual scavenger establishing his/her relationship with manual scavenger.

7. **What needs to be done if details on PM-JAY card such as name, date of birth, etc. are wrong?**
   Please contact Ministry of Social Justice and Empowerment (MoSJE) as the Ministry is the custodian of the beneficiaries' data.

8. **What services are included / excluded in PM-JAY?**

Inclusions	Exclusions
✓ Secondary and Tertiary care IP services including day care procedures	☒ Out-patient care
✓ Pre-existing conditions	☒ Individual diagnostics (for evaluation)
✓ New-born care	☒ Drug rehabilitation programs
✓ Pre-authorization for defined packages	☒ Cosmetic related
✓ Provision to cover 'unspecified surgical conditions', on pre-authorization up to a limit of INR 1,00,000	
✓ AB PM-JAY health benefit packages	

9. **What all is covered in a treatment package?**
   End to end coverage for entire episode of care covers the following:

• Medical examination, treatment, and consultation	• Medical implant services (where necessary)
• Pre-hospitalization (3 days)	• Accommodation benefits
• Medicine and medical consumables	• Food services
• Non-intensive and intensive care services	• Complications arising during treatment
• Diagnostic and laboratory investigations	• Post-hospitalization (up to 15 days) - at discharge medicines

10. **What if the limit of INR 5 Lakhs is used and additional financial support is required for the treatment? Is there any timeframe for approval for the same?**
    Entitlement is based on the eligibility. Hospital will send a pre-auth request to the ISA. Once approved, it will be processed accordingly. There will be a timeframe of 6 hours beyond which it will be auto approved, same as it is followed in PM-JAY pre-auth process.

    If the limit of Rs 5 Lac is exhausted, the beneficiary has to bear the medical expense himself.

11. **In which hospitals can the beneficiary avail benefit under this scheme?**
    If you are an eligible beneficiary, you can go to any PM-JAY empaneled hospital for treatment and avail cashless benefit. In case, PM-JAY empaneled hospital is not available in any State / UTs then you will not be able to get the benefit in that State.
    Note: For list of empaneled hospitals, please visit: https://hospitals.PM-JAY.gov.in/mapsPlotting.htm

12. **Can a beneficiary go to a non-empaneled hospital for medical services and get reimbursement later?**
    No, PM-JAY only supports cashless treatment in the empaneled hospitals.

13. **Can the dependent family members of the manual scavenger continue to get the benefits under PM-JAY after the death of the primary beneficiary?**
    The beneficiaries will be eligible for the benefits under PM-JAY as per their eligibility defined by MoSJE in their beneficiary database.

14. **Types of treatment available under the scheme for a beneficiary?**
    Based on the eligibility, Secondary and Tertiary (SST) care treatment is available for the manual scavenger beneficiary and their dependents. Medical and Surgical treatment are available as per AB PM-JAY national package list. https://PM-JAY.gov.in/sites/default/files/2021-06/National-Master-for-Website_0.pdf

15. **What is meant by packages?**
    A package includes end to end treatment for the entire episode of medical care required i.e., diagnosis, doctor and nursing charges, pre-hospitalization investigation, bed charges, consumables, medicines, food for the patient and post-surgery investigations and medicines. It is covered in the HBP 2022 and available online at: https://pmjay.gov.in/hospital/hbc

16. **Is there any package which is reserved for government hospitals only?**
    Yes, as per NHA guidelines, there are some packages which are reserved for government hospitals only and private hospitals cannot book these packages.

17. **Does beneficiary need to pay anything at hospital for the treatment?**
    No, the treatment is completely cashless. Patient need not to pay anything at the hospital.

18. **Do beneficiaries require to pay anything to be covered under this scheme?**
    This is an entitlement-based scheme. The beneficiaries do not have to pay anything for getting covered under this scheme. If they are entitled as per MoSJE, they will be automatically covered under this scheme.

19. **Whether cost of diagnosis or investigation also included under the scheme?**
    This scheme covers IPD treatment. If the IPD care includes, diagnosis and investigation, it will be covered.

20. **Whether post-hospitalization expense covered in PM-JAY?**
    Yes, 15 days post hospitalization expenses are covered under the package.

21. **If there are five members in a family who have already availed benefit under PM-JAY, will a new-born be covered?**
    All entitled and eligible beneficiaries which reflect in the MoSJE beneficiary database shall be covered in PM-JAY.

22. **How can a beneficiary get registered for treatment in a hospital?**
    Contact the Pradhan Mantri Arogya Mitra (PMAM) available at the empaneled hospital along with the required documents such as government approved ID cards such Aadhaar, Voter ID, Ration card, etc. and family identification cards. The PMAM is responsible for identifying and verifying the beneficiary process and will also facilitate admission and claims process.

23. **Does a beneficiary need to pay for medicines during treatment under this scheme?**
    No. Under AB PM-JAY, medicines are included in the package for the duration of treatment.

24. **Are maternity benefits covered under Janani Suraksha Yojana (JSY) are also a part of AB PM-JAY?**
    Though normal labor and delivery, including high risk deliveries, C-sections and associated treatments are covered under AB PM-JAY but JSY and another voucher scheme benefits are not available under PM-JAY.

25. **If the patient is admitted for a 5-day package and the patient dies on 2nd day, what do we do in this case?**
    Patient mortality details may be updated in the TMS application and discharged. Payment for the services provided will be determined by the ISA/TPA after verifying the documents.

26. **Which package rate will be applicable in case of portability?**
    Health Benefit Package 2022 shall be applicable.

27. **How will a patient traveling to another state get to know whether the hospital provides a relevant package?**
    The patient may contact the toll-free helpline number 14588 for support.

28. **What if an empaneled government/ private hospital is refusing to treat a beneficiary or asking for payment?**
    The beneficiary can raise a grievance by calling to the toll-free helpline number 14588. The call center team will register the grievance on the Central Grievance Redressal Management System (CGRMS), or you can register the same via online portal at https://cgrms.PM-JAY.gov.in/GRMS/loginnew.htm and go to "Register your grievance – PM-JAY." There will be a dedicated Nodal officer at NHA who will address the grievance.

29. **Whom should a beneficiary contact in case there is no PMAM at the hospital, or the beneficiary is not getting any support from PMAM, or he is asking for money?**
    The beneficiary can raise a grievance by calling to the toll-free helpline number 14588. The call center team will register the grievance on the Central Grievance Redressal Management System (CGRMS), or you can register the same via online portal at https://cgrms.PM-JAY.gov.in/GRMS/loginnew.htm and go to "Register your grievance – PM-JAY." There will be a dedicated Nodal officer at NHA who will address the grievance.
